Work Experience

Artist – Freelance

2023 - PRESENT

- I have cultivated a successful career as a artist, specializing in the creation of NFTs and private design projects with a primary focus on 3D and UI/UX design. I have been engaged in the dynamic field of the cryptocurrency industry, conducting with diverse 3D concepts and designs, in addition to my involvement in the strategic development of websites.

UI/UX Designer – ATIS Software Factory

2022–2023

- Responsible for the creation of new products, which includes creating wireframes, prototypes, performing user experience testing, providing design specifications to developers, and testing the final product to ensure it meets user needs and aligns with the product's objectives.

Creative Designer – iNSmart Code

2020– 2022

- Served as a creative designer for this medium-sized agency, contributing to creating digital experiences for large and medium sized clients. Experience working for a variety of clients, time management, project management, client relations, outsourcing and visual problem solving.
